Summary 2022

- 24 presentations
- 6 CTF competitions
- 5 groups, 3 kaptains
- 3 merch items
- Discord, Matrix, Facebook
- www.kauotic.se
- ctf.kauotic.se

Plans for 2023

Presentation group

kaptain: Arcnilya#7575

- more presentations
- collab with courses
- presenting 101
- PowerPoint Karaoke

Presentation ideas

hack me if you can

Individual projects and experiences

Hobbies related to IT

Karaoke sounds good buy terrifying

A presentation about reverse engineering

KauHotic podcast

Like to see "famous" hackers presenting/showing

eBPF tutorial

Red team vs Blue team, "practical"

Presentation ideas

Wireshark

rfid protection

creare a secure home network

KAUotic Newspaper

AI in hacking

Jackbox - Presenting game How to make
electrical equipmentTake part
computers/ consoles and other stuff
as well as building them again

KAUotic TV station

KAUotic government

hak5 toys

Presentation ideas

Wireless radio
capture/decoding/"smart home" hacking

Kaotic own steaming service

Energy metering/water metering MBUS
hacking

Kauotic Political Party

Kauotic vs MUST

Kaotic going to mars

kauotic satelite

Computer Security related companies
in the Karlstad area

Presenting on different
universitiesLive stream challenges
and solutions Podcast of the
challenges and solutions

Presentation ideas

CTF LAN

Spreading the roles in team so every one has a special skills within the team

CAPS LOCK

Podcast of challenges and solutions
Stream of challenges and solutions
Presenting on different universities

Perhaps more CTF-resources either on discord or on the website

Find older competitions and go through the write outs

i can be a developer

CTF Team

kaptain: missing

- ▶ find a kaptain
- ▶ find more competitions
- ▶ introduce new players

CTF Team ideas

Mandatory documentation on completed challenges or the participant will get shunned >:(

maybe a more planned evening/day where anyone can come and do CTF's together at the university, nothing specifically planned on which challenge but anyone can join and get help by the community

Presenting on different universities

For some ctfs meet up so new people can get started easier. Starting alone can feel a bit overwhelming

CTF LAN

Explaining solutions what every step means not just how it works

use ctftime.org to advertise

Podcast of challenges and solutions Steam of challenges and solutions

More CTF- resources on the website and on discord

CTF Team ideas

Hold a presentation of everything solved during a CTF? To help get more people into it?

Make a "kattis" system for CTF and win.

maybe make a toolbox on discord with tools that can help

To have groups within the CTF-dev group that specialize/focus on making certain CTF's. Could help people dive deeper into the categories

Brainstorming session of interesting flag ideas. Balancing/theming/difficulty

Walkthrough of these platform and easier bugs that have been found

CTF Developer group

kaptain: missing

Mentimeter

- find a kaptain
- ctf.kauotic.se
- KAUotic CTF 2023

CTF Developer ideas

Mixed difficulty

Try to get the industry interested as well

To have groups within the VTF-dev group that each focus/specialize on making specific types of CTF's. Would help people dive in deeper in the categories

Prizes for 1, 2, 3 places, so we get more people to join

Create a CTF that runs along an event or lecture

Lecture related CTF - A lecture on a topic followed by a CTF

when a captain is found, maybe they could be open to suggestions if someone has an idea but unsure how to make the ctf challenge then the captain could help to create it or perhaps help connect the "idea" with someone who can make it

have an all-time leader board

can we get sponsored by KAU for the CTFs?

CTF Developer ideas

CTFs more related to real life scenarios

re-writing old ip cameras with open source softwares

mirkvantar+

Bug Hunting group

kaptain: Wairimu. S#8714

- ❖ 101 presentation
- ❖ list of programs?

Bug Hunting ideas

Teach me how to make money in a cool way
pls uwu

Create a bug bounty hunting team and split
the money between the members :)

Bug hunting on software created by KAUotic
members

Something more beginner and practical like
where to start, how to sign up, maybe do
some real bug bounty hunting "it does not
mean find something on the spot" but more
like show how

maybe make some CTF type puzzles that can
simulate how to bug hunt, so newbies can
see how it works and get interested

Re-create bug hunts already presented at
black hat etc.

Lectures on tools related to bug hunting

Presentation on the history of bug hunting
and some cool examples of bug bounty events

Automated ways of finding potential
vulnerabilities

Bug Hunting ideas

make KAU pay for vulnerabilities on KAU website and systems

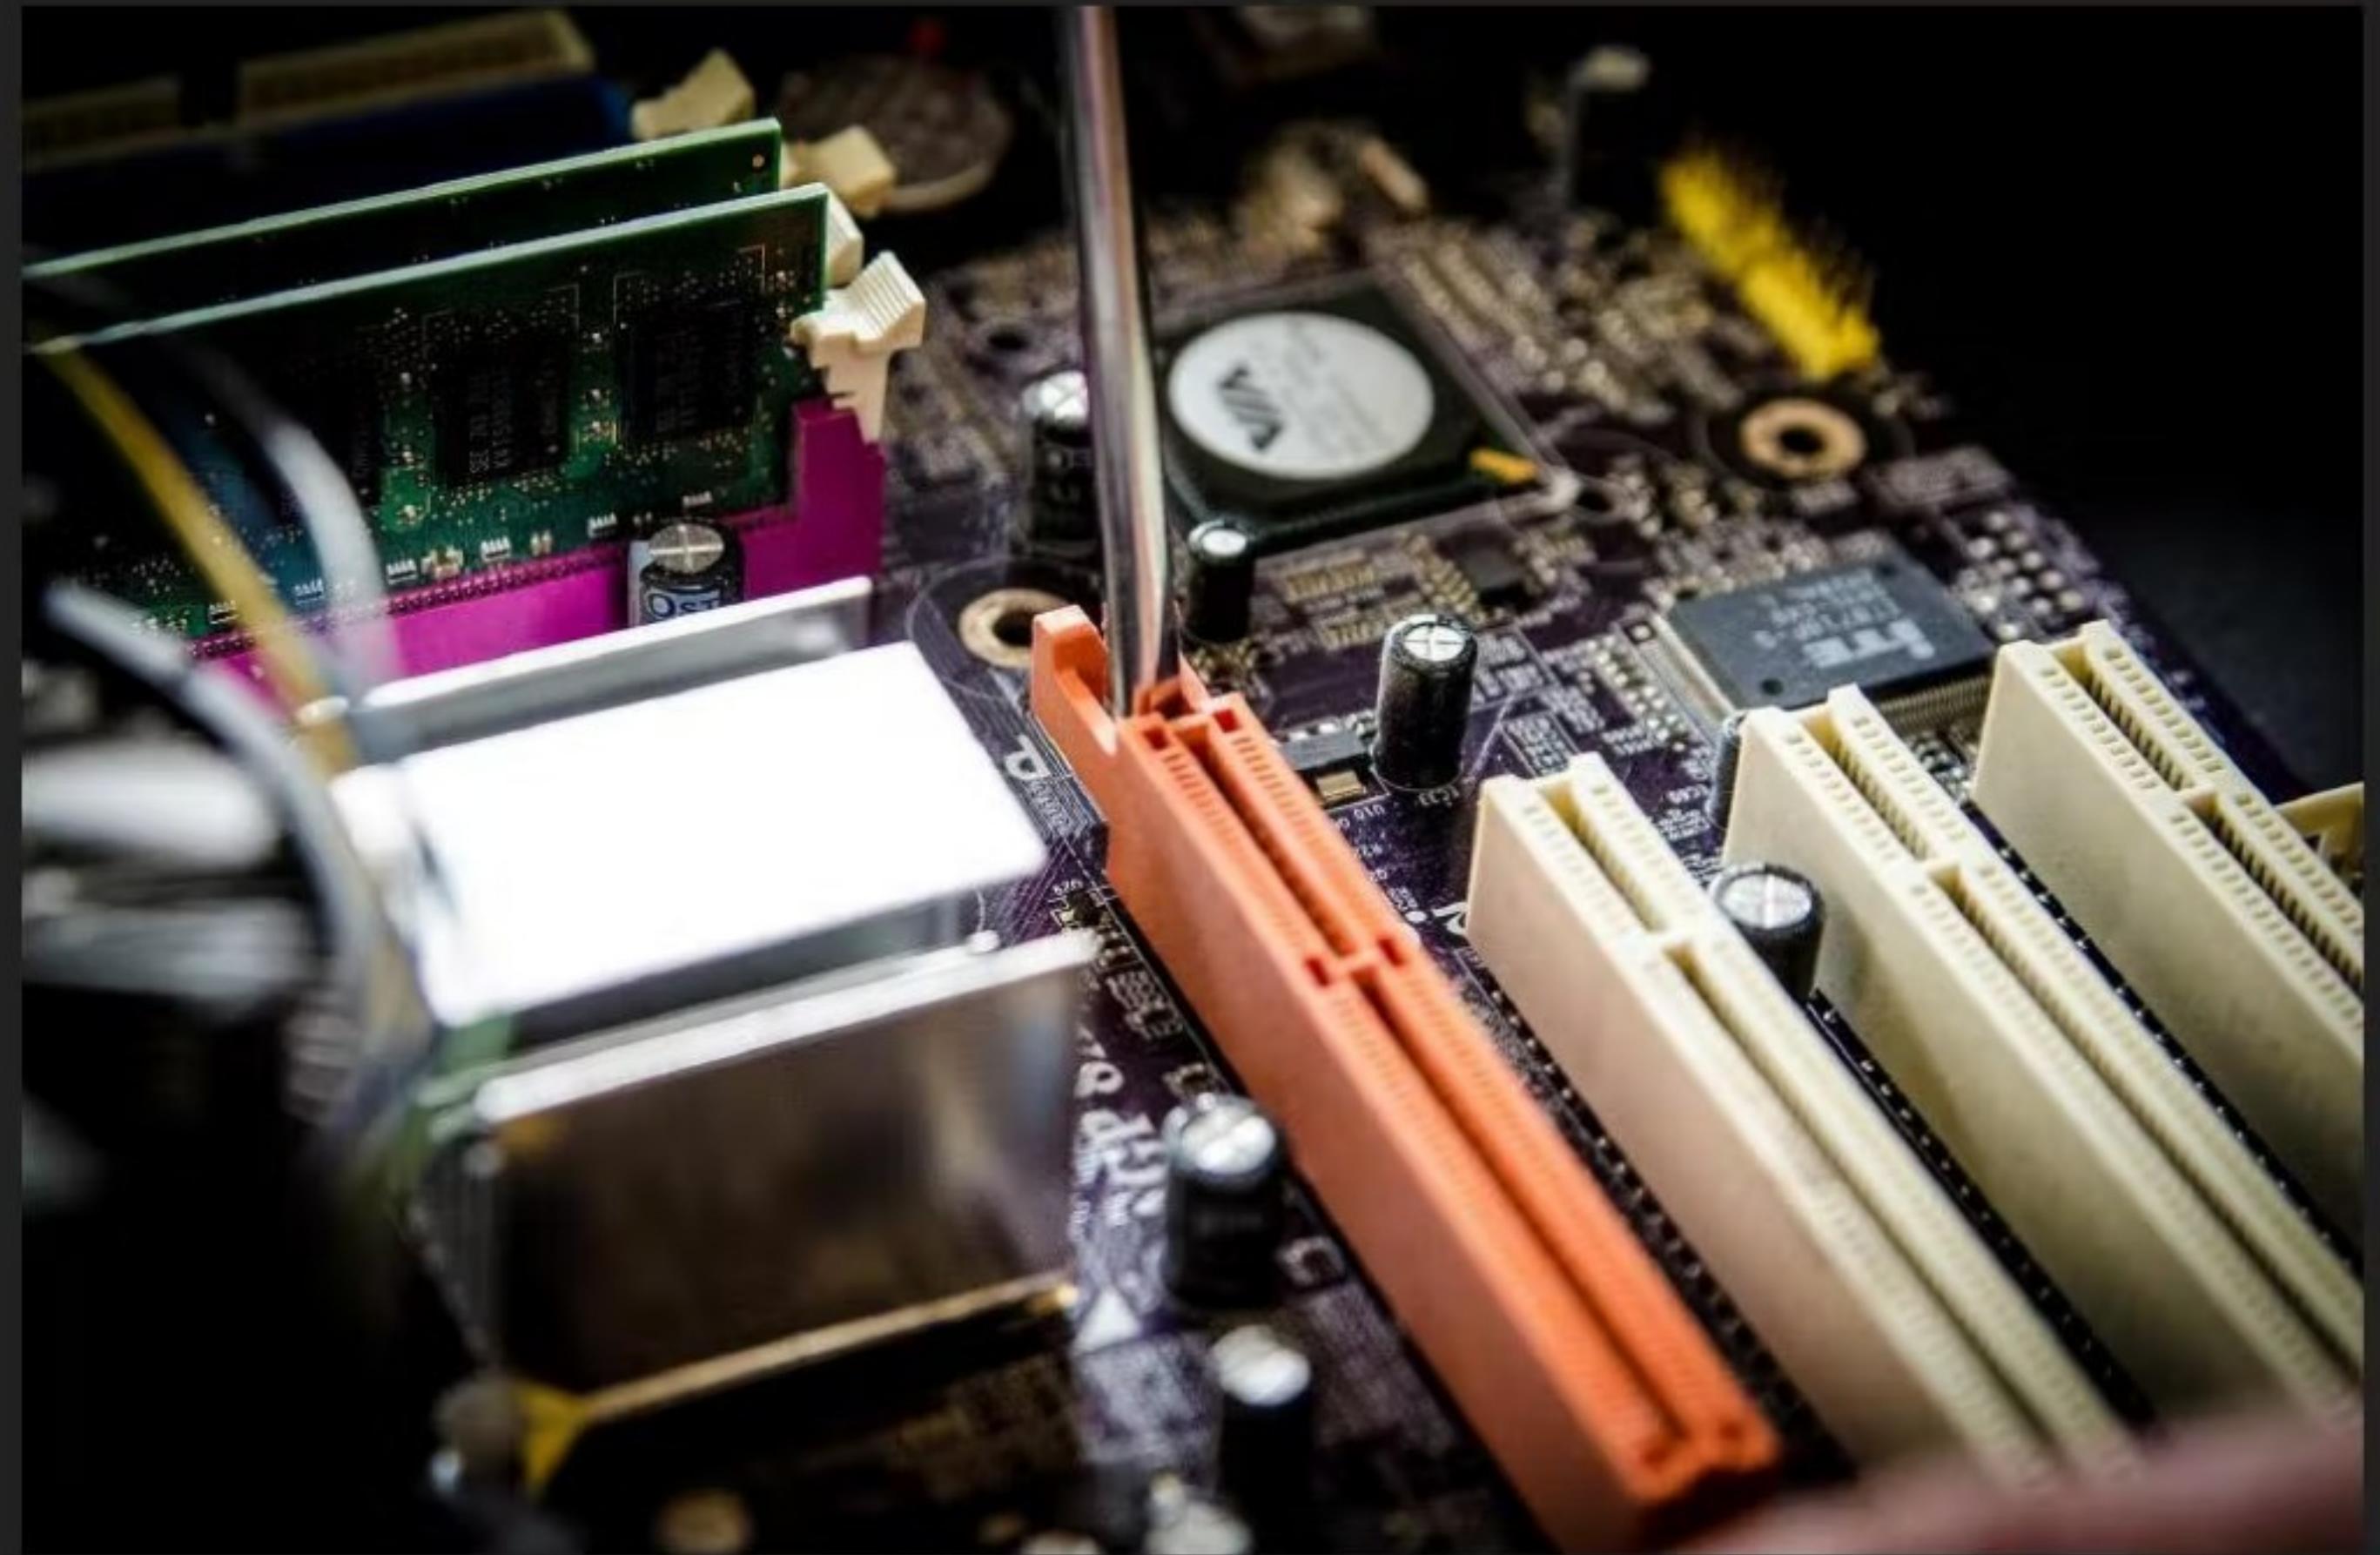

Bug hunting your old DVGA01 labs :)

Unlock cars

Hardware Hacking group

kaptain: TheFreak#1775

- ❖ workshops?

Hardware Hacking ideas

Hack my old stuff

See a hardware hack being performed

Hacking car alcohol locks ethically

Capacitor replacement/repair of old computers

Learn to unlock cars

Collaboration with the engineering department of KAU

Live workshops like laborations in courses

Invite electrical engineering students!

re-writing old ip cameras

Merchandise & Marketing group

kaptain: Alexis#2705

Mentimeter

- metal pins
- promotion at KAU
- social media
- pictures and videos

Merchandise & Marketing ideas

hacking into my robot cleaner

Nocco branding

Craft beer

Caps

Sick mousepads

Shirt w/ print

Mascot / & Mascot figurine

Energy Drink sponsorship

Working with Kau intro for new students

Merchandise & Marketing ideas

short videos on ethical hacking makes a good social marketing

bottle

Insta/TikTok short clips on hacks and hope to get viral

CAPS LOCK

E-sports team

Booths on IT conferences

Graphical profile (not only logo, full out design)

Dreamhack

fingerless gloves (Hacker Gloves)

Merchandise & Marketing ideas

Hoodies - hacker hoodies

Water bottles

mirkkvantar+1

Hack national TV

Power gloves (aka real
hacker gloves)

HotSpot booth

Hoodies

Programming Socks

Booth in the game dev
community?

Merchandise & Marketing ideas

Keyboard caps

Kauotic hacking mask (kind
of like anonymous mask)

Ethics team

New groups

Ideas for new groups

Blue team

Video game hacking. Hosting our own Minecraft Server specifically for learning how to hack. (LiveOverflow has videos on this)

Cool with ideas for new groups, but maybe not spread too thin?

on-field groups

Ethics team

drone hacking group

Integrate NCPC programming contest into kauotic

Beginner team to cover the basic

Kauotic club development group. E.g making bots for the discord server and organizing the club more. Etc.

Ideas for new groups

General programming group

Webdev group w/ both front & backend

Kauotic Bootcamp

KauHotic Security Lab

KAUoticers scripts
