How to make a ctf (where you also learn how to beat them)

Point them to the kauotic challenges, give them an easy way to start

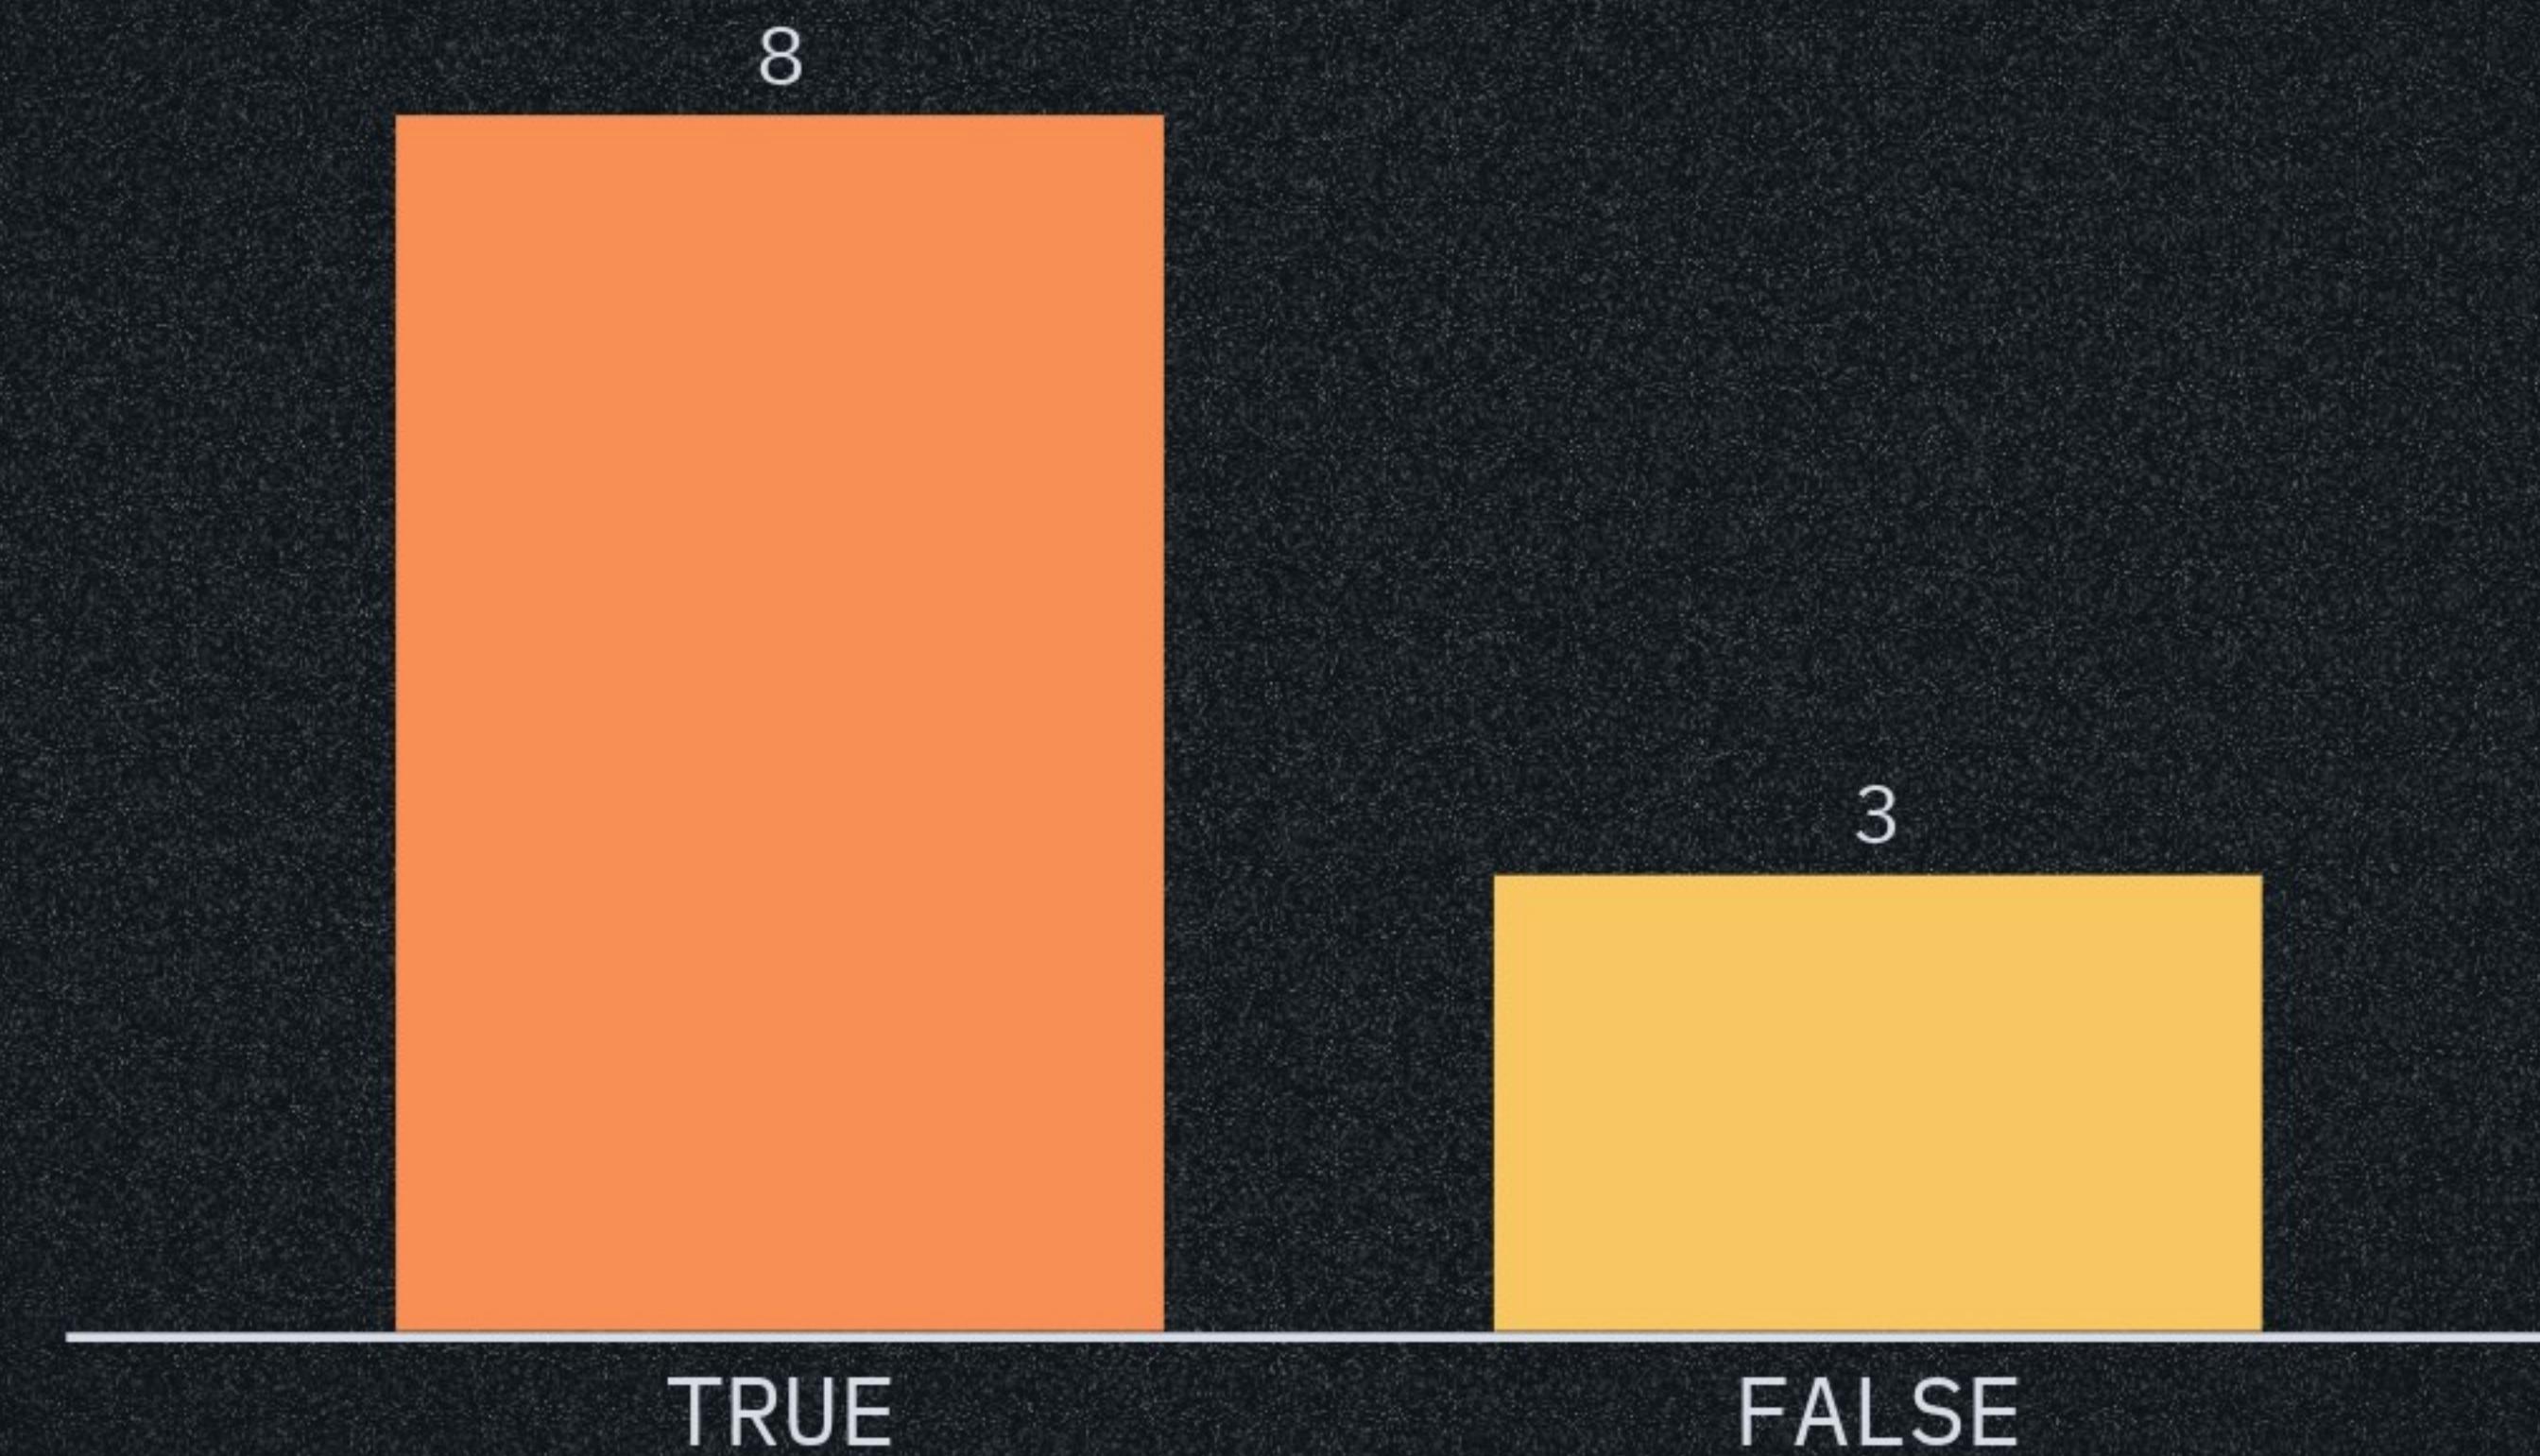

I think having a dedicated room where we meet up to solve the CTF has been helpful for scr1ptk1dd13s to come in and check out what we're doing!

Workshops combined with a walkthrough either during the workshop or at the end.

STICKERS! (and other prizes)

Gå igenom enkla pussel med vanliga grundkoncept som ofta förekommer i CTFs i workshops eller dyl.

I have tried ctf.kauotic.se
